To Whom It May Concern

GRANT HOLLINS c/o LABOURNET

Our company has dealt with Labournet since 2006 during which time Grant Hollins has provided us with excellent support in the areas of labour conflicts with employees. His work has been a major contribution in ensuring that employees have always had a fair hearing thus contributing towards a better relationship with management and staff.

His offering indirectly played a crucial role in our ability to improve our customer service thereby contributing towards an overall improvement for the business with regards to sales and revenue.

It should be no surprise to Labournet to get an acknowledgement and approval for Grant Hollins for exceeding our expectations as an expert in his field .

Thank You

Yours faithfully

FD BEMAT
(Managing Director)
