To whom it may concern,

Labournet has been a service provider to Rheem SA for more than 2 years and have been a pleasure to work with. Unfortunately for industry managers like myself the IR legislation is ever changing and as a result we are unable to keep abreast of such changes, fortunately Johan van Deventer and his team in Durban has enabled me to make informed decisions based on the new act and or legislation.

From an availability point of view I cannot wish for a better consultancy service with the Labournet team often accepting my phone calls and providing advice after hours.

To Johan, Rene, Elizabeth and the Durban team many thanks for the time you have taken to "listen" to my ranting and raving and for the sound advice given that has resulted in many successful implementations.

Yours faithfully
for Rheem South Africa (Pty) Ltd
